### THINK IT OVER

By Oden & Humphrey!

### THANKSGIVING

The harvest is in, winter storms are no more empty threats.

Three thousand years ago Lucretius said, "Nought is from naught, for impossible—each seed reproduces its own kind." We plant the seeds of grain and harvest seeds of grain. It is man alone, who thinks he can plant the seeds of hate and harvest love. Who plants the seeds of avarice and expects to harvest happiness?

We celebrate this harvest festival with sincere Thanksgiving. We followed nature's law. Our hearts are glowing warm; love, laughter and children fill our homes. We have harvested from the seeds we planted.

First, be sure of the seed; second nurture them; with love and kindness and our future harvest will be a wealth of all we planted.

Your doctor cures your ills. Your lawyer wins your case. Your banker conserves your wealth; we help create it. To list your home or property with us is to employ men qualified to make the sale, then complete it with efficiency.

### ANNUAL HOLIDAY DINNER OBSERVED BY TORRANCE FIREMEN

Thirty-five persons last Saturday evening in a pre-thanksgiving celebration dined upon turkey with all the trimmings at a dinner held in the Torrance fire station.

Firemen and their wives gathered in full force for the annual occasion, according to Walter West, dinner chairman, who reports the two pump birds used were prepared and served by members of his committee, Gordon Northington, Gene Walker, J. L. Boucher and Bob Moffitt. Fire Chief J. E. McMaster re-

vealed that he aided in the digestion of the turkey by reading a speech to mark the occasion.

Councilmen William Tolson and George Powell were special guests.

A beautiful floral arrangement at the dinner was presented the firemen by Petite Flower Shop.
